

NIGERIAN ELECTRICITY REGULATORY COMMISSION

ADAMAWA PLAZA, PLOT 1099, FIRST AVENUE, CBD, ABUJA

NOTICE OF STAKEHOLDERS CONSULTATION ON MYTO METHODOLOGY, BUSINESS CONTINUITY AND ELIGIBLE CUSTOMER REGULATIONS

1. The Nigerian Electricity Regulatory Commission (NERC) published a Consultation Paper for the review of the **MYTO methodology on 13th June 2017**, Draft **Business Continuity Regulation** for the NESI on 14th June 2017 and a **Consultation Paper on Eligible Customers for the NESI** on 23th June 2017.
2. In line with Section 76 (9) of the EPSR Act 2005 and the Business Rules of the Commission, the Commission fixed 21 days respectively from the date of publication of these notices for comments, objections and representations from the general stakeholders.
3. Accordingly, the Commission has proposed a final stakeholders' consultation to be held in all the six (6) geo-political zones and the FCT to enable the larger public make their inputs and express opinion before the Commission makes final decision on the proposed regulations.
4. In view of the above, industry stakeholders, consumer groups, the general public and other affected or interested parties are kindly invited to participate in the consultation as shown in the schedule below:
