

ORDER/NERC/2025/010

**BEFORE THE NIGERIAN ELECTRICITY REGULATORY COMMISSION  
IN THE MATTER OF FEBRUARY 2025 SUPPLEMENTARY ORDER TO THE MULTI-YEAR  
TARIFF ORDER 2024 FOR KADUNA ELECTRICITY DISTRIBUTION PLC**

**TITLE**

1. This regulatory instrument shall be cited as **February 2025 Supplementary Order to the Multi-Year Tariff Order - 2024 ("February 2025 Supplementary Order")** for Kaduna Electricity Distribution Plc ("KAEDC").

**COMMENCEMENT AND TERMINATION**

2. This Order shall take effect from **1st February 2025** and it shall cease to be effective on the issuance of a new tariff review Order for KAEDC by the Nigerian Electricity Regulatory Commission ("NERC" or the "Commission").

**CONTEXT**

3. Pursuant to the Tariff Review Application by KAEDC, the Commission approved MYTO-2024 effective from 1<sup>st</sup> January 2024. The Order among others;
  - a. Restated KAEDC's Performance Improvement Plan ("PIP") and approved a revised 5-year CAPEX provision to finance planned CAPEX projects. The Order further applied regulatory adjustments to the verified historical investments of KAEDC;
  - b. Approved a reset of the baseline ATC&C loss level to a new target considered to be fair and reasonable given current operating conditions and comparable benchmarks within and outside the Nigerian Electricity Supply Industry ("NESI");
  - c. Revised relevant assumptions for the forecast of revenue requirements and applicable tariffs for the period 2024 - 2027;

**OBJECTIVE**

4. Further to Section 23 of the MYTO-2024, this Supplementary Order seeks to reflect the changes in the pass-through indices outside the control of licensees including inflation rates, ₦/US\$ exchange rate, available generation capacity and gas price for the determination of Cost-Reflective Tariffs ("CRT").

## BASIS FOR THE REVIEW

### 5. Minor Review Indices

The underlisted indices with potential impact on electricity rates were considered to determine KAEDC's revised revenue requirements and associated tariffs:

- a. **Exchange Rate:** The Naira to the US Dollar exchange rate of ₦1,557.71/US\$1 has been adopted for February 2025; this has been determined by adding a 1% transaction cost to the average foreign exchange rate of ₦1,542.28 during the period of 1<sup>st</sup> - 28<sup>th</sup> December 2024 as obtained from the website of the Central Bank of Nigeria ("CBN") in line with the MYTO methodology.
  - b. **Nigerian Inflation Rate:** The Nigerian inflation rate of 34.80% for December 2024, published by the National Bureau of Statistics ("NBS"), is applied to revise the Nigerian inflation rate projection for 2025.
  - c. **US Inflation Rate:** Based on the data published by the United States Bureau of Labor Statistics (<http://www.bls.gov>), the US inflation rate of 2.90% for December 2024 is applied to revise the US Inflation rate projection for 2025.
  - d. **Available Generation Capacity:** Considering the periodic reports from the System Operator, a projection of an average offtake of 258MWh/h by KAEDC is adopted effective February 2025.
  - e. **Wholesale Gas to Power Prices:** The review adopts the underlisted benchmarks established by the Nigerian Midstream and Downstream Petroleum Regulatory Authority ("NMDPRA") in line with the Petroleum Industry Act ("PIA") 2021:
    - i. The gas-to-power price of US\$2.42/MMBTU based on the revised benchmark by NMDPRA in 2024 in compliance with Section 167 of the PIA.
    - ii. An interim Shrinkage Factor ("SF") of 3% as established by NMDPRA pending the deployment of a model that will automatically set the SF on the gas network.
    - iii. A wholesale levy of 0.5% on the cost of gas earmarked for the Midstream and Downstream Gas Infrastructure Fund ("MDGIF") as established by NMDPRA in compliance with Section 52(7) of the PIA.
    - iv. The contracted gas supply and transportation prices outside Domestic Gas Delivery Obligation quantities are based on effective Gas Sale Agreements ("GSAs") approved by the Commission.
    - v. Benchmark Gas Transportation tariff of US\$0.80/MMBTU.
6. **Regulatory Net-offs for Non-Adherence to the Order on Non-Compliance with Capping of Estimated Bills**

Pursuant to the Commission's Order NERC/2024/004 on Non-compliance with the Capping of Estimated Bills and subsequent petition hearings and review of data further provided by KAEDC, the Commission has approved the deduction of N115Mn from the total annual OpEx of KAEDC effective September 2024, being the 10% of the overbilled amount by KAEDC for the period covering February-September 2023

## 7. Summary of Tariff Assumptions and Results

Table 1 below summarises the tariff review indices adopted in this Order.

**Table - 1: Key Tariff Review Indices/Assumptions for KAEDC**

Parameter	Unit	Dec 2024	Jan 2025	Feb 2025
Loss Target	%	25.00%	21.32%	21.32%
Nigerian Inflation	%	33.9%	34.6%	34.8%
US Inflation	%	2.6%	2.7%	2.9%
Exchange Rate	₦/\$	1,687.5	1,572.2	1557.7
Gas Supply and Transportation Cost	\$/MMBTU	3.22	3.31	3.31
Transmission Loss Factor	%	7.00%	7.00%	7.00%
Energy Delivered to DisCo	GWh/Year	2,260	2,260	2,260
Energy Delivered to DisCo	MWh/h	258	258	258
Generation Cost	₦/kWh	119.7	112.9	111.9
Transmission & Admin Cost	₦/kWh	10.9	11.0	10.9
Weighted Average Cost Reflective Tariff	₦/kWh	<b>215.6</b>	<b>210.8</b>	<b>209.3</b>
Weighted Average Allowed Tariff	₦/kWh	<b>113.0</b>	<b>113.0</b>	<b>113.0</b>
Monthly Tariff Shortfall (Subsidy)	₦' Million	<b>14,490</b>	<b>14,493</b>	<b>14,263</b>

## 8. Approved End-User Tariffs Effective from 1st February 2025

Pursuant to Section 116 of the EA and extant regulations, the Commission has considered and approved for KAEDC, the tariffs in Table 2 below effective 1st February 2025. The approved tariffs shall remain in force subject to monthly adjustments of pass-through indices including inflation rates, NGN/US\$ exchange rates and gas-to-power prices.

In line with the policy direction of the FGN on electricity subsidy, the allowed tariffs for Bands B – E customer categories shall remain frozen at the rates payable since December 2022 subject to further policy direction by the Government. With this policy, the estimated subsidy benefit for customers under the KAEDC franchise in 2024 is approximately ₦14.26bn monthly.

**Table - 2: Approved Allowed Tariffs (₦/kWh) for KAEDC**

<b>Tariff Class</b>	<b>Apr 2024</b>	<b>May - Jun 2024</b>	<b>Jul 2024 - Feb 2025</b>
Life-line	4.00	4.00	4.00
A - Non-MD	225.00	206.80	209.50
A - MD1	225.00	206.80	209.50
A - MD2	225.00	206.80	209.50
B - Non-MD	62.63	62.63	62.63
B - MD1	66.34	66.34	66.34
B - MD2	68.78	68.78	68.78
C - Non-MD	51.12	51.12	51.12
C - MD1	52.88	52.88	52.88
C - MD2	55.52	55.52	55.52
D - Non-MD	35.41	35.41	35.41
D - MD1	46.40	46.40	46.40
D - MD2	46.40	46.40	46.40
E - Non-MD	35.41	35.41	35.41
E - MD1	46.40	46.40	46.40
E - MD2	46.40	46.40	46.40

**9. Service Delivery Commitments**

KAEDC shall be held accountable for service deliveries per commitments under its Service-Based Tariff proposals, which seek to align end-user tariffs in proportion to the service level enjoyed by customer clusters as measured in average hours of supply per day over one month. Details of the service level commitments made by KAEDC to customers in various tariff Bands for **February 2025** are shown in Appendixes 2-3.

**10. Monitoring and Evaluation of Compliance to Service Commitment**

- a. The Commission shall continue to leverage technology to directly obtain data on the hours of supply on each Band A feeder from the head-end system of KAEDC for near real-time monitoring of service.
- b. KAEDC shall maintain a rapid response team to ensure effective service delivery on the committed minimum hours of supply to each service Band commencing with Band A feeders. The team shall continue to ensure timely response to customers' complaints, fault clearing and alignment with TCN regional teams for effective load management and optimised dispatch to respective feeders. KAEDC shall maintain the dedicated email and contact numbers of the service rapid response team for each customer cluster/business unit on its website and continue to circulate same to the customers via bulk SMS and social media handles.
- c. KAEDC is obligated to publish a rolling 7-day average daily hours of supply on each Band A feeder daily on its website no later than 09:00 am of the next day.

- d. Where KAEDC fails to deliver on the committed level of service on a Band A feeder for consecutive two days, KAEDC shall on the next day by 10.00 am publish on its website an explanation of the reasons for the failure and update the affected customers on the timeline for restoration of service to the committed service level.
- e. Where KAEDC fails to meet the committed service level to a Band A feeder for seven (7) consecutive days, the feeder shall be automatically downgraded to the recorded level of supply pursuant to provisions of Section 6 of Order No. NERC/334/2022 - "Order on Migration of Customers and Compensation for Service Failure under Service-Based Tariff Framework".
- f. KAEDC is mandated to continuously ensure upward migration of customers from the lower service Bands to Band A service level in line with the target on improvement in quality of service as provided in the Order on Key Performance Indicators for KAEDC issued from time to time by the Commission

#### 11. **Service Band Performance, Migration/Downgrade and Compensation**

Pursuant to the provisions of the **Order on Migration of Customers and Compensation for Service Failure under the Service-Based Tariff Framework ("Order on Migration")** and the **Directive to Electricity Distribution Companies on Band A Feeder Performance Monitoring, Upgrade and Downgrade ("Directive for Operationalization of Band A Feeders")**, the Commission, based on the feeder performance report for the 1<sup>st</sup> - 25<sup>th</sup> of January 2025, hereby orders as follow:

- a. KAEDC shall make appropriate compensation to the affected customers in Band A feeders listed in Appendix 2 for failure to deliver up to 20 hours of average supply but more than 18 hours of average supply in line with the provisions of the Order on Migration while the feeders shall remain as Band A.

#### 12. **Procurement of Embedded Generation**

KAEDC is obligated by this Order to procure a minimum of **26MW** capacity of embedded generation, being 10% of its 2024 load allocation, to improve the reliability of supply and sustain delivery of a minimum service level under the SBT. A minimum of **13MW** (i.e., 50%) of the embedded generation capacity must be sourced from renewable energy sources. The required capacity may be procured in bulk or distributed capacities across KAEDC's Franchise area. The capacity to be procured should be ready for dispatch to the KAEDC's network by the 1st of April 2025.

### 13. KAEDC's Remittance Obligation

The FGN policy on subsidy and electricity tariffs provides for a gradual transition to cost-reflective end-user tariffs with safeguards for the less privileged electricity consumers. Accordingly, the Federal Government has committed to funding the revenue gap arising from the difference between cost-reflective tariffs approved by the Commission and the actual end-user tariffs during the transition to cost-reflective tariffs where applicable. KAEDC shall settle its market invoices under the DisCo Remittance Obligation thresholds as provided in Table 3. All settlements are subject to regulatory net-offs as may be issued from time to time by the Commission.

**Table - 3: Monthly DisCo Remittance Obligation for KAEDC, 2024**

Head	Sub Head	Dec 2024 Revision	Jan 2025 Revision	Feb 2025 Revision
		₦'Million	₦'Million	₦'Million

	DisCo	5,330	7,650	7,640
	Total Distribution	<b>15,965</b>	<b>16,749</b>	<b>16,749</b>
	DisCo Remittance to NBET	<b>100%</b>	<b>100%</b>	<b>100%</b>
	DisCo Remittance to ZHEPP	<b>100%</b>	<b>100%</b>	<b>100%</b>
	DisCo Remittance to MO	<b>100%</b>	<b>100%</b>	<b>100%</b>

14. The waterfall of market revenues during the transitional period shall be in line with the following:

- a. NBET shall issue energy invoices to KAEDC net of the applicable tariff shortfall approved by the Commission monthly, while MO shall issue the full transmission and administrative services invoices to KAEDC at the applicable tariff.
- b. KAEDC shall make full settlement (100%) of the market invoices issued by MO (including Zungeru Power Plant) and NBET as provided in Table 3 above.
- c. FGN intervention from budgetary appropriation and other sources for funding tariff shortfall shall be applied by NBET to ensure 100% settlement of market invoices as issued by generating companies ("GenCos").
- d. KAEDC shall be liable to relevant penalties/sanctions for failure to meet the payment obligation in any payment cycle under the terms of its respective contracts with bilateral counterparties including NBET and MO.
- e. KAEDC shall maintain adequate payment securitisation for energy off-take in line with the earlier directive of the Commission and relevant bilateral contracts.
- f. KAEDC shall settle its market invoices under the DisCo Remittance Obligation thresholds as provided in Table 3. All settlements are subject to regulatory net-offs as may be issued from time to time by the Commission.

**15. Effective Date**

This Supplementary Order shall be effective from 1<sup>st</sup> February 2025.

Dated this 30<sup>th</sup> day of December 2025

Sanusi Garba  
Chairman

Dale C. Akpeneye  
Commissioner  
Legal, Licensing and Compliance
